Surveyor: _____

Total Users: _____

Tally each person's main activity

Hours of Survey: _____

Date and Time Frame: _____

Interview in Step 2 if participant is willing

Step 1: Observations - Who did you see on the trail? Count the number of people in each user category you see. Ex. 3 people walking a dog would get 3 checks.

| User Type | Walker | Hiker | User with Dogs | Runner | Equestrian |
|-----------------------------|--------|-------|----------------|--------|------------|
| User Other | | | | | |
| Group Size | 1 | 2 | 3 | 4 | 5+ |
| Age | 18-30 | 31-40 | 41-50 | 51-60 | 61+ |
| Number of Children Under 18 | Yes | | | No | |

Step 2 (if participant is willing): What could Sandy City or Salt Lake County do to make your experience today (and in the future) better? Or, how might they improve your experience in our open spaces? After their response, ask: Why do you feel that way? Categorize the nature of their response as best you can and add notes below.

| More Trails | Accessible (ADA) Trails | Trail Maintenance | Better Law Enforcement | Parking |
|-----------------------|-----------------------------|-------------------------------|---------------------------|----------------------------|
| Improved Picnic Sites | Better Resource Protection | Educational Signage | Off Leash Dog Areas | Equestrian Facilities |
| Restrooms | Water Protection/More Water | Improve Existing Facilities | Access (time/location) | Interpretation/Ed Programs |
| Visitor/Nature Center | Scenic Views | Land Conservation/Acquisition | Trash/Overall Maintenance | Crowding |

Other request for improving their experience:
